Financial Report
Fiscal Year 10/11
(Through 12/31/10)

● **Overview**

The Board has recently faced a number of fiscal challenges including budget reduction drills and expenditure increases in areas of Personal Services and Enforcement. Despite these challenges, it has managed to maintain a stable fund reserve by limiting purchases and service contracts to those critical to board operations, effectively utilizing the competitive bidding process to achieve maximum value for goods and services received, and actively monitoring enforcement program expenditures to ensure costs are consistent with case volume and complexity. Staff will continue to monitor the Board's budget and work closely with the DCA Budget office to ensure continued budget solvency.

● **Budget - Fiscal Year 2010/11**

The Board of Podiatric Medicine's total expenditures through 12/31/10 (FY 10/11) are up from previous years due to a number of factors. On November 1, 2010, the three-day furlough program, which resulted in a reduction in employee compensation by approximately 14%, was replaced by a personal leave program. The new program reduces employee salaries by approximately 5% in exchange for one day of personal leave per month, thereby resulting in a 9% increase in salary expenditures over FY 09/10. Additionally, enforcement costs in the areas of Evidence/Witness and Investigations have been higher through the first half of FY 10/11 due to the complexity of cases currently being investigated.

Twenty percent (20%) of the Board's expenses (through 12/31/10) have been for Departmental/Central Administrative Services, which include: maintenance of licensing and enforcement systems, website maintenance, telecommunications, personnel, pc support, internet services, and other administrative support services.

Twenty-six percent (26%) of the Board's total expenditures (through 12/31/10) have been for enforcement-related costs associated with services provided by the Office of the Attorney General, the Office of Administrative Hearings, Medical Board Investigations staff, and podiatric medical experts and consultants.

Pursuant to Executive Order S-01-10 (January 2010), BPM was required to develop a 5% Salary Savings plan to reduce FY 10/11 Personal Services costs by 5% (\$20,224). Since BPM already utilizes a minimum number of staff to manage its mandated programs, the Board proposed meeting this goal by reducing its Overtime and Board Member Per Diem budgets. While no programmatic effects are anticipated, staff will continue to monitor expenditures in these areas.

• **Fund Condition**.....**K**

The enclosed fund conditions show projections using BPM's actual and future planned expenditures and DCA's plan, which assumes full budget expenditure. Note that while BPM's projection provides a more accurate and positive outlook, a potentially declining reserve balance indicates a need to continue monitoring revenues and expenditures.

The BPM Budget History table and chart reflect budget, revenue, expenditure, and reserve figures for FYs 1996/97 through 2009/10. As the chart indicates, revenues have remained very stable over the past several years. Expenditures, however, have fluctuated in a manner very consistent with budget changes, which are largely determined by pro rata and other nondiscretionary disbursements.

The Department of Consumer Affairs (DCA) is responsible for promoting and protecting the interests of millions of California consumers by serving as a guardian and advocate for their health, safety, and economic well-being and by promoting legal and ethical standards of professional conduct. The Department helps to promote good business practices and to ensure that California's consumers receive quality services by establishing minimal competency standards for more than 240 classifications involving approximately 2.5 million professionals. The Department is also an important advocate on consumer and business issues. [More.....](#)

LICENSING AND MEDICAL EDUCATION COMMITTEE

- **Overview**

- ❖ The results of the National Board's Part III exam held December 1, revealed an 88% pass rate for California applicants. The next Part III exam is scheduled for June 1, 2011.

- **Data Reports**

- ❖ Licensing numbers remain consistent as shown in Exhibit M.

- **DCA Licensing Reports and Statistics**

- ❖ DCA has been requiring monthly licensing data from all Board's and Bureau's. A summary of the information gathered along with charts and graphs is included in Exhibit M.

Please note that some boards experienced what appears to be a significant percentage of increase; i.e. the Telephone Medical Advice Services Bureau shows an increase of 150% due to the smaller volume of applications received per year.

The Board of Registered Nursing (BRN) implemented a new business process change which may have affected the number of applications received in FY 09/10. The new process requires that the applicant provide a valid United States Social Security Number at the time of application. Previously BRN received many international applications without a social security number where the applicant did not pursue employment in California. The negative impact on the number of applications received may not accurately reflect the impact on individuals who would enter the workforce in California.

In addition some decreases are due to a change in examination schedules. This data only reflects a comparison of the first six months of each fiscal year and will be updated each quarter.
