Budget Update – Pam Wortman

- As of today there is still no budget in place.
- 30 different BCP's for the 2011-2012 Fiscal Year were submitted to State and Consumer Services Agency. Out of these 30, only 10 were sent forward to the Department of Finance.
- Agency was looking at everyone's fund condition very critically.
- DCA was allowed to continue going forward with Office of Administrative Hearing expenses and Office of Attorney General expenses as stated as stated in the budget bill language
- Licensing & Job Creation Proposal will be submitted as a Spring Finance Letter

Hiring Freeze – Pam Wortman

- Effective August 31, 2010 the Governor implemented a hiring freeze
- Any offers made and accepted on 8/30 or prior were honored.
- The hiring freeze applies to any hires outside of state service, between state departments, temporary help, students, retired annuitants, appointments, etc.
- Lateral transfers within a department are still permitted
- Along with the hiring freeze, the Governor also implemented an overtime freeze.
- In very limited circumstances a hiring freeze exemption and overtime exemption may be submitted to the Governor. Requests must be first submitted to Chief Deputy Director Bill. If approved, the request will then be submitted to Agency for review. If approved by Agency, the request will be submitted through the Cabinet Office to the Governor for an exemption from this directive.

Recognition of Specialty Boards – Kimberly Kirchmeyer

- DCA's Legislative and Policy Review Office drafted a document for recognition of specialty boards.

Public Records Act / Freedom Information Act – Doreatha Johnson

- A policy on access to public records will be sent out.
- It is important to remember the Freedom Information Act does not apply to state records. Only the Public Records Act applies to state records.
- DCA's Legal Affairs Office will be providing training on responding to Public Record Act requests in late October or early November.

Meeting Protocols – Doreathea Johnson

- DCA's Legal Affairs office drafted a Board meeting protocols document and it will be sent out to everyone.

Maximus Drug Testing – Paul Riches

- The drug testing done through Maximus was being done incorrectly. The "cutoff" (detection) levels used were higher than those specified in the contract.
- Seven boards were affected by this. These boards are conducting individual case reviews.
- The vendors have done blanket testing free of charge to the participants and to the boards.
- The Department is encouraging **all** boards that require drug testing of licensees on probation to confirm the use of cutoff levels consistent with their contract. If the board has no contract they should use the cutoff levels specified in the Maximus contract.
- Any board that does not have a contract to conduct drug testing should use the department-wide contract.
- The Department is continuing to gather information on these issues.

Action Items

- DCA will follow up with DPA regarding Board of Vocational Nursing and Psychiatric Technicians' package
- Transfers policy to be sent out to EO's by DCA's Office of Human Resources
- DCA's Legal Affairs Office will provide a Board meeting protocols document
- DCA sent out the Public Records Act Policy to all EO's and Board Presidents / Chairs on 9/14.

• Overview..... E

The Board of Podiatric Medicine's expenditures through 6/30/10 (FY 09/10) remained under control and in-line with annual revenues. While the Board's stable licensee base has continued to produce steady revenues, future increases in departmental pro rata and personnel expenditures will require the Board to closely monitor its revenue and expenditure figures in order to maintain reserve solvency.

• Budget - Fiscal Year 2009/10

Twenty (20%) of the Board's total expenditures (through 6/30/10) were for Departmental/Central Administrative Services and Facilities Operations, which include: maintenance of licensing and enforcement systems, telecommunications, personnel support, pc support, internet services, building rent and maintenance, and other administrative support services.

Thirty-one percent (31%) of the Board's total expenditures (through 6/30/10) were for enforcement-related costs associated with services provided by the Office of the Attorney General, the Office of Administrative Hearings, Medical Board Investigations staff, and podiatric medical experts and consultants.

• Fund Condition

The enclosed fund conditions show projections using BPM's actual and future planned expenditures and DCA's plan, which assumes full budget expenditure. Note that while BPM's projection provides a more accurate and positive outlook, a potentially declining reserve balance indicates a need to continue monitoring revenues and expenditures.
